CAREER OBJECTIVE

Aspiring to leverage my academic background and enthusiasm for the IT industry to contribute meaningfully to a dynamic organization, while continuously enhancing my skills for professional growth and excellence.

TECHNICAL SKILLS

- **Languages :** JavaScript(ES6+)
- **Frontend :** React.js, HTML5, CSS3, Bootstrap, Tailwind CSS, Responsive UI, React Router
- **Tools :** Git, GitHub, VS Code, Netlify

PROJECTS

Netflix UI Clone   GitHub | Live

- Built a Netflix-style movie browsing interface using React components, props, and React Router with a clean, modular file structure.
- Displayed movies dynamically using a JSON dataset with reusable MovieCard components.
- Implemented route-based pages (Home, Categories, Details) and optimized layout, improving UI flow and visual experience by ~45%.

Personal Portfolio Website   GitHub | Live

- Developed a responsive personal portfolio website using HTML, CSS, Bootstrap, and JavaScript to showcase skills, projects, and contact details with a clean, structured layout.
- Implemented reusable UI components and optimized visual sections to improve readability and user navigation efficiency by 40%
- Used Bootstrap's grid system, responsive CSS, and mobile-first design to ensure full device compatibility, reducing layout issues by 90% and improving loading performance.
